Find everything you
need for inspirational
spaces at metrix.co.nz

Our website has been designed with you in
mind as a user-friendly way to access key
information.

You can search and download images,
technical drawings and schedules.
It's also an easy way to find matching
and complementary products.

Duravit

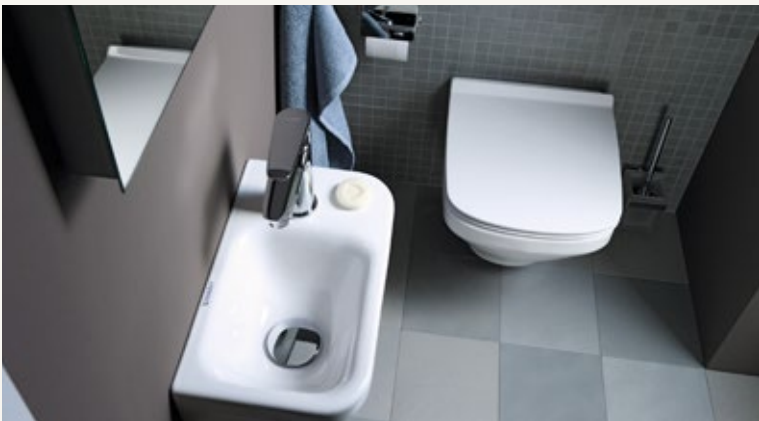

Duravit has been a leader in the evolution of the modern bathroom for over 200 years. As an established manufacturer of luxury bathroom fixtures, furniture and accessories, Duravit continues its commitment to high quality design, functionality and aesthetics through collaborations with world-renowned architects and designers. Names such as Philippe Starck, Sieger Design, Norman Foster, Antonio Citterio, are synonymous with Duravit designs. The longevity of Duravit toilets, basins, bathtubs and furniture is due to a dedication to high quality, high end materials, sustainable manufacturing processes and timeless design.

DuraStyle

Design: Matteo Thun

The understated DuraStyle range designed by Matteo Thun, creates a sense of serenity and relaxation. Its simplicity of form makes DuraStyle unique and sets a new standard in the bathroom for home and commercial projects.

ME by Starck

Design: Philippe Starck

How can you create a modern yet timeless bathroom series that adapts to different styles? By reducing its design entirely and focusing on the user's personality and individuality. ME by Starck – a new bathroom series that appeals to every style – pure, elegant, natural or raw.

DuraSquare

Design: Duravit

Striking, precise, rectangular, yet soft and flowing. DuraSquare bathroom ceramics effortlessly bring together apparent contradictions whilst also looking incredibly good. Clarity, precision and minimalism run through the entire programme, which is not only modern and timeless but also durable and sustainable.

Luv

Design: Cecilie Manz

Duravit's Luv series, designed by Cecilie Manz, combines Nordic minimalism with timeless elegance. Luv is defined by precise, clear and fine forms and edges, a new design language that, both minimalist and elegant, can be interpreted in a highly individual manner.

White Tulip

Design: Philippe Starck

The unusual shape of all components in the White Tulip range follows the organic silhouette of a blooming tulip and unfolds in an almost sculptural way. Philippe Starck has devised two style collections for White Tulip, "Nature" for fresh, naturally inspired bathrooms and "Culture" as an expression of urban sophistication.

Starck 1

Design: Philippe Starck

Philippe Starck and Duravit have returned to the beginnings of hygiene, body care and wellness in addition to the evolution of the bathroom. A toilet, bathtub and washbasin that are unmistakable but completely reinterpreted descendants of their historic predecessors – the bucket, tub and washbowl.

Balcoon

Design: Patricia Urquiola

Patricia Urquiola's Balcoon bathroom series is puristic yet has a strong design identity. Architectural forms and clear lines create a unique aesthetic with high recognition value, which simultaneously radiates warmth and accessibility. The combination of premium features and first-class workmanship sets new standards in the bathroom.

Zencha

Design: Sebastian Herkner

Zencha - Ceremony of Zen. Inspired by traditional Japanese rituals and craftsmanship, Sebastian Herkner has designed Zencha, a sophisticated bathroom series that combines unusual countertop sinks with purist furniture. The most striking design feature of the sinks and bathtub is their rounded shape, which flows into a graceful, softly curved rim.

Architec

Design: Frank Huster

The basic architectural elements – the circle and the square – were the inspiration behind the Architec basin range and are ideal for a wide variety of applications. The unusual diagonal cut of the Architec washbasin allows a generous storage surface and more space in a smaller area.

Starck f

Design: Philippe Starck

Duravit and Philippe Starck present a new shower-toilet generation, available in two versions: SensoWash® Starck f Plus and SensoWash® Starck f Lite. Convenient to operate via remote control, freely configurable via the SensoWash® app, both versions strike with a minimalist design and maximum shower-toilet comfort.

Starck i

Design: Philippe Starck

Visually minimalist and technologically innovative, SensoWash i testifies to an entirely new feel for design, hygiene, comfort and quality of life. The shower-toilet forms a complete, self-contained unit. Materials and functions — a toilet with an electronic flushing system and truly modern bidet comfort — everything blends into an elegant whole. SensoWash i opens up a new world of wellness for body and soul — cleansing, invigorating, inspiring

Floorstanding integrated shower toilet

62000001 **no inwall cistern required*

SensoWash® Classic

Design: Philippe Starck

The SensoWash® Classic by Philippe Starck is based on the original, classic SensoWash® style, with the seat and lid combination having been further developed both visually and technologically. This is how the modern, minimalist design was created, which is characterised by the comparatively compact technical unit, combined with full functionality for maximum comfort.

SensoWash Classic

All SensoWash® seats have two built-in back flow preventers and concealed entry for water and power.

D-Neo SensoWash®

Design: Duravit

SensoWash D-Neo is a compact shower toilet with an excellent price-performance ratio that goes well with all Duravit design series: the clear, straightforward design blends seamlessly into any room. SensoWash D-Neo is the optimal solution for those looking for a sophisticated entry-level model.

D-Neo SensoWash

2502.59	D-Neo wall hung pan for shower seat & inwall cistern	375 x 580mm
614700	D-Neo shower toilet seat	

SensoWash® Slim

Design: Duravit

SensoWash® Slim is the more economical of the shower-toilet seats. Essential features like rearwash, comfortwash, ladywash, nightlight and adjustable water temperature are controlled from a slimline remote. The design of the soft close slim seat is for those who value purism and simplicity.

Starck T

Design: Philippe Starck

The new accessory line, Starck T combines functional rigour with organic forms. It is reminiscent of the branching shape of a tree, which forms a recurring iconic signature. Made of the highest quality materials and fabricated for longevity and timelessness, Starck T perfectly rounds off contemporary bathroom furnishings.

Duravit Wave

Design: Duravit

The gently flowing forms of the Wave faucet series represent a modern, young design style. Inspired by the shape of waves, the series ingeniously combines soft curves and precise edges. At the same time, these bring a gentle dynamism to the design of the Wave bathroom faucets. The lever, which is slightly tilted upwards, guarantees precise and ergonomic operation.

valsir

For almost 30 years, Valsir has been Italy's largest manufacturer of in-wall cisterns and push plates. The company has achieved this position through investment in advanced material and production technologies, and sustainable manufacturing processes. Considerable emphasis has been placed on designing a range of push plate options to suit all situations. Technological innovation, attention to detail and constant quality control are the cornerstones that have always driven the design and production of Valsir in-wall cisterns.

Tropea S

Tropea S represents an absolute state-of-the-art and innovative product with a flushing system designed to reduce the noise generated during use. The perceived noise is up to five times lower compared to the most widely used cistern in the market.

Glass Design

Luxury and design. The new contemporary classic. Located in Vinci, the heart of Tuscany and the city of Leonardo da Vinci, Glass Design was founded in 1984 by the Borsellini family, after many years of experience in the manufacture of artistic glass.

Glass Design

Both by using technologically advanced materials, such as glass, ceramic, stainless steel, and working in an artistic way with traditional materials, Glass Design contributes to the creation of a new style, where even the accessory is addressed in all details, becoming the main subject of the environment, a true “fashion” product, highly appreciated in the world and exported to more than 60 countries.

Zazzeri

Proudly made in Italy since 1929, Zazzeri seamlessly blends design and tradition. By investing in research and development, the finest materials and meticulous attention to detail, Zazzeri is positioned among the best companies in the bathroom tapware sector. Collaborating with leading designers such as Roberto Innocenti and using durable and sustainable stainless steel, Zazzeri products are the ideal choice for modern, design-led consumers.

Z316

Z316 is the new collection of bathroom fittings designed by Italian architect, Roberto Innocenti. The range offers the minimalist design aesthetic, along with with a selection of handle designs and finishes, enabling unparalleled personalisation.

Paini

Paini

The Paini brothers began making taps in a workshop north of Milan over 50 years ago. Today the Paini collection brings together contemporary Italian designs with more traditional styles in a comprehensive range to complement any bathroom or kitchen.

Nove*

Design: Paini Studio

The design inspiration comes from an urban and minimalist style. Prominent straight lines and gentle curves redefine the aesthetic of this range. Strong character and pure emotion makes Nove the perfect choice for your bathroom.

Inda

Accessories contribute significantly to the overall appearance of a new or refurbished bathroom so quality counts when it comes to choosing your new bathroom accessories. The Inda range is designed and made in Italy. Each piece is functional, stylish and durable. The range includes furniture, lighting and mirrors, designed to integrate into each accessory style.

One*

Design: Matteo Thun and Antonio Rodriguez

Simplicity has a new name: One. The collection of bathroom accessories combines linear and clean elements. The vastness of the assortment and formal clarity make One a very flexible solution in style and practicality.
